PROGRAM LEARNING OBJECTIVES

Participants will leave this two-day educational program with the ability to:

- ❖ Describe transformative models for culture change in residential care.
- ❖ Appraise best practices to be initiated within residential homes.
- ❖ Discuss current clinical, ethical, and legal issues related to consent and capacity for older adults.
- ❖ Describe the Canadian Coalition for Seniors' Mental Health (CCSMH) guidelines for substance use disorders in older adults.
- ❖ Discuss current and evolving research-based, person-centred approaches for supporting persons living with dementia and their families.
